

TCI Mobility, LLC Limited Warranty Policy

Commercial wheelchair vans, buses and shuttles are created through a combination of a van chassis and a wheelchair van, bus or shuttle conversion. A commercial conversion is a combination of components and raw materials that are assembled by the conversion company. Because there are numerous suppliers that provide different products, parts, and/or items for the conversion process, the warranties vary and need to be completely understood by the consumer.

The **van** warranty consists of the chassis manufacturer's warranty and the TCI Mobility conversion manufacturer's warranty.

TCI Mobility is proud of our products, and we confidently stand behind them with the best warranty in the industry! The TCI Mobility warranty covers certain parts of the conversion vehicle for **four (4) years or fifty thousand (50,000) miles**, whichever occurs first, and the cost of labor to repair or replace those parts. This limited warranty covers substantial defects in materials and workmanship of non OEM (original equipment manufacturer) and modifications completed during the conversion process, provided that the vehicle is operated and maintained properly and in conformity with the owner's manuals. **Note, unlike most other general limited warranties:** TCI Mobility's limited warranty period begins on the date that the product is delivered to the first retail customer.

In the event, an independent authorized dealer places the product into any type of service prior to the retail sale, the warranty begins on the date the *dealer first places such product into service*.

The bus warranty consists of the chassis manufacturer's warranty and the bus body manufacturer's warranty.

Starcraft warrants to the original purchaser that this product shall be free of SUBSTANTIAL DEFECTS in material and workmanship, attributable to Starcraft, under normal, ordinary use and/or service. The warranty period is for a term specified of one (1) year or twelve thousand (12,000) miles, whichever occurs first.

SCOPE OF WARRANTY PERFORMANCE

> Explanation of Warranty Coverage:

- Owner shall bear full responsibility for any and all respective consequential damages, including without limitation, costs of repairing or replacing other property damaged when the warranted product and/or vehicle fails.
- Owner shall bear full responsibility for any and all incidental damages incurred, such as, but not limited to, all expenses arising out of or relating to transporting the product to the appropriate Warranty Service location.
- Furthermore, Starcraft reserves the right to change the parts and designs of its products without notice and with no obligation to make corresponding changes to previously manufactured products.
- Regardless of the above referenced limitations, if the warranty issue is on a product we, TCI Mobility, make or issue is with one made by our suppliers, TCI Mobility will work with both you and the

manufacturer(s) of the component systems in your wheelchair van or bus to ensure that we maximize and expedite the available remedies offered under said limited warranty. We strive to do so in order to provide you with the best, most cost-effective, efficient and comprehensive ownership experience possible.

IT IS ADVISED TO OBTAIN APPROVAL BEFORE BEGINNING ANY REPAIR WORK!

Regardless of the warranty situation, ***ALWAYS*** obtain approval from TCI Mobility to diagnose and repair warranty items. In so doing, this will save you money — as many of the warranties in the market will not cover unapproved expenses nor foreign repair service(s).
